YESTERDAY being the anniversary of the accession of His Majesty King Kalakaua, to the throne of Hawaii, a royal salute was fired from Punchbowl, which was responded to by the foreign national vessels of war now in the harbor. A reception at the Palace and a royal lunch, was participated in by the Ministers of State, judicial and other officers, and citizens and strangers without limit, who congratulated His Majesty and the Queen Consort, with much enthusiasm. We are pleased to said the lease of the corner for of the "Everett Premi. add, that His Majesty and Consort are both in see in this city, for the period of Five (b) years. Upon the enjoyment of good health. Long life to them both.

RUMORS of irregularities in the manner of conducting the election at Hilo are floating about, which may or may not be inquired into by the Legislature when it meets.

On Friday the 1st inst., His Majesty entertained at a state dinner at Iolani Palace, His Excellency James M. Comly, Minister Resident of the United States, and Rear Admiral Murray of the Flagship Pensacols, the D Kestations, Commissioner and Consul of France, the Acting British Consul General, the United States Consul, Captain Hanner of H. B. M. S. Daring. Dr. Nelson, Paymaster Cochrane, Lieut. Barnett, of the Pensacola; and Lieut. Millet Honotata of the Daring, were guests on the occasion. His Excellency J. O. Dominis, Hon, A. S. Personal Staff were present.

THE death of the late King of Italy, Victor Guardians, Administrators, Executors, and other Trus-ties, having trust famile to invest, are hereby notified that changes, received per last steamer. His Ma-Emanuel, is announced in our eastern exjesty was ill but a few days, and his death was not looked for, so that his demise was both sudden and unexpected by his friends. What the effect of this sudden taking off of the late King of Italy will be in Europe, it is hard to estimate; but one thing is certain that his death will tend to stir up the friends of His Holiness the Pope, and the Church of Rome, to a re-assertion of the temporal rights of the Pontiff, which were wrested from him by the late King. In these times, such an event as a war or a revolution in Italy, to re-seat the Pope on his temporal throne, is among the probabilities, and we would not be at all astonished to learn that such an occurrence had actually taken place.

With the present unsettled condition of Europe, it is not at all unlikely that the Church of Rome, through her clerical influence upon the Catholic people of Europe, may foment and precepitate a war, to re-instate of things.

> WAINER AND NIHAU. A Hawaiian Badge.

We desire to direct the attention of our readers, more especially those of native birth, to a communication in this issue signed "Tantalus." It is from the pen of one of our most intelligent citizens, and is in itself a happy thought well expressed, and well worthy the Ministers of State, together with His Majesty's attention of both the Government and the people of the Hawaiian Islands.

All nationalities are perpetuated in history either by their prowess, their arts, commerce, their national songs, or emblems that typify the leading characteristics of their locality or race. As the peculiar geographical conformation of the Hawaiian Kingdom being a group of detached Islands, precludes the idea of their ever becoming noted for deeds of daring either by land or by sea, so as to entitle her to a high place in the annuls of nations, yet, inasmuch as she is nevertheless a distinct and separate nationality, it is peculiarly befitting that she should adopt some national badge, emblematical of the peculiarities of her location; and in this our correspondent has happily indicated the idea of selecting an emblem from her luxuriant and unrivalled flora. Who will be the first to move in this matter? Let

### Emigration of Chinese to Peru.

In our notice of the pioneer ship of the new line of steamers plying between Hongkong and Callao, in our issue of last week, we gave the simple announcement of the fact that such a line has been inaugurated. We find by "The China Mail" of January 12th, that the new line has been put on between China and The Elections all over the Islands, passed | Callao, in persuance of treaty stipulations off in peace and quietness. We do not learn between the two countries interested, and that that there was the slightest ill feeling exhibit. | the steamers were intended for carrying coolie ed anywhere, which is creditable to the peo- emigrants from China to Peru, where laborers ple. The necessity of one to blame but themselves. All the repre- obtaining coolie laborers to develop the vast resources of Peru, have induced parties to invest the necessary funds in the purchase of ships of large carrying capacity, for the trade between Hongkong and Peru. This new commercial enterprise is no longer a matter of secrecy; but has been fully explained in the China newspapers now before us. The new line of ships are to make the run from Hongkong to Callao direct, only touching at Honolulu each way. It will be a monthly line, like the San Francisco and Australian line now running between the American Coast and the Colonies. This new line receives a large subsidy from the Peruvian Government, in order to make it remunerative to its owners, The Perusia is sailing under the Belgian flag at present, which we are unable to explain. The China mail of the 21st of January

last concludes a long article on the new line in the following language: "So far as Hongkong is concerned there is no doubt that, independent of the considerations as to security mentioned above, the establishment of the proposed line with its head-quarters in this Colony would be a benefit to Hongkong in a commercial point of view. We are convinced that Chinese emigration is a good thing, especially to particular fields of usefulness such as those in Peru, where no competitive or rival animosities can be raised. as in California or Australia. It is only reasonable, therefore, that this newly-inaugu rated enterprise should obtain a fair trial. On the face of it, there would seem to be every chance of success; and of this it is all the more deserving because, so far as its Hong-kong promoters are concerned, we believe it will only be so by maintaining an honest and

irreproachable character." DISTRICT LODGE, I. O. G. T .- The following were Installed as officers in the Good Templar District Lodge last week: D. D., H. L. Sheldon; D. R. H. S., C. Blackborn; D. L. H. S., Mrs. Blackburn; D. V. T. Mrs. Stafford; D. S., Fred. Vehling; D. F. S.,
